REAL ESTATE WEALTH ROAD MAP

How to Become a Millionaire with $30,000

Most families never find out what their money could do. Wealthy families have advisors who show them. We put the same strategy in front of anyone ready to buy a home.

KEY 1

Compounding

Your investment earns on top of what it already earned. Two things drive it: time, so start early, and rate of return.

KEY 2

Leverage

You earn a return on the full value of the home, not only on the cash you put down.

KEY 3

Staying the course

Selling after 5–7 years to buy bigger restarts the compounding and adds debt. Keep the home and let it grow.

LEVERAGE IN ONE YEAR

3.5% down on an $850,000 home

An FHA loan needs 3.5% down. If the home gains 5% in its first year, the whole gain is measured against your cash.

$29,750	$42,500	143%
your down payment	5% gain on $850,000	return on your cash in year one

Try finding 143% at your bank.

COMPOUNDING + TIME

Equity passes $1 million in year 14

YEAR	HOME VALUE	LOAN BALANCE	EQUITY
1	$892,500	$825,495	$67,005
5	$1,084,839	$782,395	$302,444
10	$1,384,560	$709,750	$674,811
14	**$1,682,942**	**$631,639**	**$1,051,302**
20	$2,255,303	$468,018	$1,787,285
30	$3,673,651	$0	$3,673,651

LOAN AMOUNT

$834,604

$820,250 plus upfront FHA mortgage insurance

MONTHLY PAYMENT

$6,883

Principal and interest $5,344, MIP $513, taxes $885, insurance $141

ASSUMED GROWTH

5% a year

Below California's 56-year average of 7.3%

FROM $29,750

35× in 14 yrs

Equity of $1,051,302 on your original down payment

We are your real estate investment consultants. Sit down with us and we'll build this plan with your price, down payment and timeline, step by step.

Estimates for education only, not a commitment to lend, a rate quote or tax advice. Assumes FHA financing at 6.625% fixed for 30 years, 1.75% upfront and 0.75% annual mortgage insurance, property tax at 1.25% of price, $141/month homeowners insurance and 5% yearly appreciation. Equity is before closing costs, selling costs and taxes. FHA eligibility and loan limits vary by borrower and county. California median appreciation: C.A.R. Annual Historical Data Summary 2025.
